Goodwin Family Farms

A Breeding Program for Superior Meat Quality

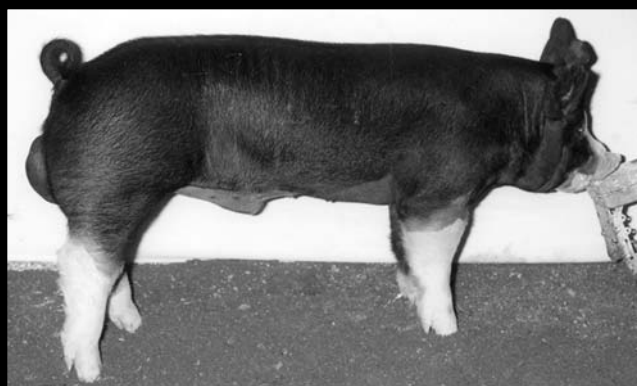

All of our market pigs are sold directly to a specialty pork business. This provides direct customer feedback on pork product quality. Meat customers pay premium prices and expect superior pork. Sires used in our breeding program have been tested for meat quality in the NBS Progeny Tests and/or their sires and grandsires have produced superior meat quality results.

West Lafayette, Indiana (where the ABA office is located) is about an hour from Indianapolis; therefore most of our news comes out of Indy. As I'm sure you know Indianapolis is also the home of the Super Bowl winning Colts. The Colts are an outstanding sport team. They say a prayer before each game (something that's relatively unheard of in this day and age). They also say a prayer of thanksgiving after each win. After the Super Bowl win, the owner James Irsay, coach Tony Dungy and quarterback Peyton Manning all thanked God first for getting them where they are. Coach Dungy never raises his voice, not at practice and not during the game. He never swears. The team is always dressed appropriately and stays out of trouble. Many of the team members also do volunteer work and have their own charities. The Colts franchise took all employees, including cooks, grounds keepers and janitors to Miami for the Super Bowl. They know it takes everyone to be a winning team.

On the flip side of that, Indianapolis is also home of the Pacers (the professional basketball team, for those of you who may not keep up with basketball). I couldn't even tell you how their season is going. All we hear about on the news out of the Pacers is who's been arrested for starting fights or carrying weapons. Both players and the coach get ejected from games for unsportsmanlike conduct — yelling at refs, kicking chairs, fighting with fans, etc.

I don't know of many farms that are making millions of dollars a year so the spotlight may not be on them as much as a famous sports star. But, if the news came to do a story on your family and farm, what would the story be like — the Colts, the Pacers or somewhere in between? Does your family work together to make the best hogs it can (Colts) or is everyone out for themselves (Pacers)? When you get to a show, do you loose gracefully and win even more gracefully (Colts) or make a public spectacle of yourself (Pacers)? Do you help others out and be friendly (Colts) or do you stick to yourself and why would you ever want to help someone else do well (Pacers)? Do you stay calm around your pig (Colts) or do you yell and shove your pig to get it to do what you want (Pacers)?

Parents, ag teachers 4-H leaders and FFA advisors, what about you? How do you act around others and at shows? Are you setting a good example? Are you teaching our kids to be the next leaders? I know you aren't signing contracts for millions of dollars a year, but many kids look up to you just as much, if not more, than they do a famous sports star. They want to be like you. Being an ag teacher or 4-H leader when they grow up is an achievable goal, unlike becoming famous (as very few do).

I think it all comes back to one word — RESPECT. Are we teaching our youth to be respectful? Do they respect themselves and others? Do they show respect for the pig they are showing, the judge that doesn't place them where they think they should be placed and the ring crew who helps pen their pig in the pen they don't want to be in? Do they show respect for the show coordinators when they check in their pigs?

Being prepared helps us to be respectful, because you won't have as many things go wrong. Have your parking pass and tickets ready when you get to the fair gate. Make sure your registration papers match the pig that you are taking to the show. Make sure your health papers meet the regulations that are printed. If any of these things are incorrect, it can cause you to be disrespectful as you try to push the blame to someone else when really it is your own fault. We all make mistakes with paperwork, but not checking the paperwork to make sure it's correct is the biggest mistake of all.

This spring, as you sell showpigs in the Midwest, show respect to your buyers and get the papers transferred in a timely fashion. Don't make them call you over and over again to get papers.

Take time as a family to review how you respect others. Are you where you want to be? Can you do a better job? We can all be Super Bowl winners if we show others the respect they deserve.

Good luck to everyone this summer as they show. Travel safely. "Show a little RESPECT."

Mary Mapes

Mary Lois (Latham) Mapes, 82, entered eternal life on February 6, 2007. Beloved daughter of Bertha (Daley) Latham and Raymond P. Latham, born Oct. 23, 1924 in Amlin,

Mary was the youngest of 4 children (with brothers Edward, Thomas, and Robert Latham).

Married May 8, 1944, Mary and her dear husband Leland celebrated their 62nd anniversary last year. They were blessed by God with nine children -- Sharon (Michael Arata), Becky (Earl Birchfield), Larry (Sherri), Steven (Becky), Linda, Beth (Brian Rausch), John (Mona), Pam (Charles Cook), and Lisa (Jeff Cook). Mary was devoted as well to her 19 grandchildren and 24 great grandchildren. Mary graduated from Chuckery-Darby High School in 1942 and from Columbus School of Business in 1943.

After Mary and Leland raised their children on the family farm in Unionville

Center, Mary served for 20 years as town postmistress, until 1999. She prayed the Rosary daily and attended Eucharistic Adoration faithfully every month. Honor, faith, and charity were her great gifts. Whenever neighbors and friends suffered trouble or a loss, Mary dropped everything to deliver meals and assist as needed.

Visitation was from 2-8 p.m., Rosary & Prayer Service 8-9 p.m. Friday, Underwood Funeral Home, Marysville. A Requiem Mass was held at 1:00 p.m. Friday, St. Joseph Church, Plain City, interment Unionville Center Cemetery.

Robert R. "Bob" Gilster

Robert Gilster, 72, of West Salem, Wisconsin, died Friday, December 1, 2006 at his home.

Bob was born July 30, 1934 in LaCrosse, WI. to Richard and Lucella (Wedeking) Gilster and graduated from West Salem High School in 1952. On July 29, 1953 he married Vonnie Sprain in Barre Mills, WI.

Bob was named outstanding young farmer in 1962 by the LaCrosse

Jaycees. He was past president of the LaCrosse County Fair Junior Livestock Sale Committee and was the county fair swine superintendent for 20 years. Bob was a member of the Equity Coop Board and the LaCrosse County Agriculture Society Board. He was named June Dairy Days Parade Marshal in 2003. He was a former student of Norm Rowe, winning many awards at local and state fairs with his Chester White Swine.

Bob enjoyed seeing his sons race and

all the other racers, and was an avid fan of the Packers, Brewers and Bucks. His concern for his farm crops and knowing "how many pigs the sow had last night," were of importance to him right to the end.

Survivors include his wife, Vonnie; five children, Michael, Paul, Jim, Dan and Barb.

The Chester White fraternity extends its sympathy to the entire Gilster family.

and Breeding Stock from MBP

#5 Champion Poland Barrow 2006 Summer National Show, also Reserve Poland Barrow 2006 Indiana Jr. Show. We will have 7 litters of half-siblings to this tremendous barrow.

#4 MBP Warpaint. We will have 5 litters from this great young boar.

#3 Rice Rocket. These two boars give us the structure and the correctness on feet and legs that are so critical.

Want Power?

We've Got It!

Class Act 2-9 has offered a lot to our distinguished breeding program. This 2006 Ohio State Fair Reserve Sr. Champion (DDP George x What) son has transmitted his extreme length, bone, width, shape and style into his progeny. Our entire 2007 spring crop is by Class Act. Excited? You bet!

See the first progeny by Class Act at the Fair Beginnings Pig Sale, Friday, March 30, 2007 in Macomb, Illinois. Sale time is 7:00 p.m.

Be on the front row with CLASS ACT 2-9.

PHENOTYPIC ACRES, INC.

"Pork Production" is taking on a new meaning these days with rising feed cost threatening to dismantle the industry. Prospects for higher hog markets near term are not evident. Thus the question - how do we cope? It seems there is only one answer - improve production efficiency. In the Berkshire industry we provide pork with superior meat quality and thus opportunity for premiums in the market place. In feeding performance we are competitive. In production of pig numbers per unit of time, we need improvement. We are making major improvements in this latter category, however, it is a slow process and requires all breeders to sort through breeding lines to find those that will truly aid in this process. The use of the STAGES program can be a great help. If not using this program, consider it and help us all in our efforts to achieve greater reproductive efficiency. Pictured is our youngest herdsire from AJC Berkshires that is helping us achieve greater reproductive efficiency and whose EPDs continue to improve with each succeeding contemporary group.

Proven Success STARTS HERE

Kendal Hickox

Lucas Wall

Pictured above are just two examples of last year's customers' success. Kendal Hickox of Waycross, GA. took championship honors at three major shows including the Georgia State Fair and the Georgia National with her Berkshire gilt. Also pictured is Lucas Wall with his popular Poland barrow at the World Pork Expo. We sold numerous prospects that went on to be named County Fair Champions in 2006.

We will have a great set of Polands, Chesters and Berkshires like these available at:

- **Bartholomew Co. Breeders Sale** - Sat., April 14, Columbus, IN
- **Winners Choice Pig Sale** - Sat. April 21, Greenfield, IN
- **CPS Extravaganza** - Tues., April 24, Greenfield, IN

Breeding Gilt Show — Barrow Show: Showmanship — Judging Contest — Sweepstakes Contest

Team Purebred Judge: Robbie Phillips • NJSA Judge: Galen McCune

General Entry Requirements

1. All purebred gilt and barrow exhibitors will pay an entry fee of \$25 per head that will be listed on the individual entry form. All crossbred gilt and barrow exhibitors will pay an entry fee of \$35 per head that will be listed on the individual entry form. Late entries will be \$50 per head.
2. Two head per sex per breed will be allowed to enter per exhibitor.
3. In order to show a crossbred barrow or gilt, the exhibitor must also show (not just enter) a purebred barrow.
4. All participants who do not show a gilt or barrow at this event will need to pay a participation fee of \$5 if they wish to exhibit in showmanship and/or the judging contest.
5. All hogs must be identified with a permanent ear notch. **All crossbred barrows and gilts must have an ear tag and be identified on the health papers with the ear notch and tag number.**
6. **Powdering, oiling or any dressing applied to hogs other than water will not be allowed.** Exhibitors may be asked to take their animals to the wash racks by the show officials to remove this dressing. Show officials reserve the right to disqualify any animal from competition not meeting this requirement. Whole body clipping of market hogs is discouraged.
7. Absolutely no clipping of hogs will be allowed on the show grounds.
8. NJSA and Team Purebred reserve the right to randomly test for the presence of unapproved drugs in swine entries.
9. Entries are due April 27. Late entries will be accepted as space warrants.
10. No entries accepted at the show.
11. Entry fees are non-refundable.
12. NSR, CPS, ABA, NSPA, NJSA and Team Purebred are not liable for accidents.
13. All WPX Junior National entries and checks (purebred and crossbred) must be mailed to NSR, Attention: Director of Junior Activities, P.O. Box 2417, West Lafayette, IN 47996-2417.

Exhibitor Requirements

1. All purebred hog exhibitors must be members of their respective junior associations — National Junior Swine Association or Team Purebred.
2. Exhibitors must be 21 years of age or younger as of Jan. 1, 2007.
3. Exhibitors must wear their exhibitor numbers given to them at registration during the gilt show and showmanship contest.
4. If exhibitor is not present to show the animal, the animal cannot be exhibited unless previously approved by show officials.

Arrival/Dismissal

1. Participants must pen their entries in the designated area, even if they are entered in the open show.
2. No moving or switching of pen cards at the show. If special penning is required, these requests must be submitted in advance and approved by show officials. This system will allow us to find participants more quickly if problems arise.
3. All pigs will be released on Fri., June 8, after the sweepstakes ceremony.
4. Swine entries may not be released until the designated release time. If any swine leave the show early, the exhibitor and their family will not be allowed to compete in NJSA or Team Purebred activities for one year.

Additional Gilt Show Information

1. Breed classes will be broken according to farrowing dates, with class size as equal as possible.
2. Purebred gilts shown in the WPX Junior National are eligible to be exhibited in the open show and sold as long as they are double-entered in the name of the junior exhibitor. All double-entered gilts must be entered with both the World Pork Expo Junior National and the World Pork Expo Breed Shows (all open show entries must be submitted to the respective breed offices — NSR, CPS, ABA).
3. If the animal is double-entered in the World Pork Expo, it must be entered in the junior exhibitor's name for both shows.

Purebred Gilt Requirements

1. Purebred gilt entries must be registered Berkshire, Chester White, Duroc, Hampshire, Landrace, Poland China, Spotted or Yorkshire gilts that are farrowed on or after Nov. 1, 2006.
2. Entries may be purchased females, but must be owned by the junior exhibitor, the exhibitor's family name, or exhibitor's farm name by April 27, 2007.
3. Gilts must be registered in the junior exhibitor's name, exhibitor's family name, or exhibitor's farm name.
4. Junior exhibitors must bring their original pedigree and a copy of their pedigree to check-in.
5. Substitutions will be allowed at the show.

Crossbred Gilt Requirements

1. Crossbred gilts must weigh 325 pounds or less, and must weigh back within 15 pounds of their declared weight.

Market Animal Requirements (Purebred and Crossbred Barrows)

1. Purebred barrow entries must be registered Berkshire, Chester White, Duroc, Hampshire, Landrace, Poland China, Spotted or Yorkshire barrows born Nov. 1, 2006, and after.
2. All barrows (purebred and crossbred) must weigh between 220 and 280 pounds.
3. Entries may be purchased barrows, but must be owned by the junior exhibitor, the exhibitor's family name, or exhibitor's farm name by April 27, 2007.
4. Purebred barrows must be registered in the junior exhibitor's name, exhibitor's family name, or exhibitor's farm name.
5. Junior exhibitors must bring their original pedigree and a copy of their pedigree to check-in.
6. Substitutions will be allowed at the show.
7. All market hogs will be shown by declared weights at check-in. Each exhibitor will receive a weigh card that they must fill out with their market hog's weight. Scales will be available at the show.
8. The top three market hogs in each class will be weighed back. All market hogs must weigh back in within 15 pounds of their declared weight.
9. This is not a terminal show. Exhibitors will be responsible for their own barrows.
10. If an exhibitor wishes to sell their market hog to a packer following the show, they must sign up at check-in.

Duroc, Hampshire, Landrace & Yorkshire Entries:

1. All animals are to be guaranteed negative of the stress gene to be exhibited at a NSR or NJSA event.
2. NSR and NJSA reserve the right to randomly collect a DNA profile on exhibited animals for parentage verification at any event where registered animals are exhibited. This collection will be supervised by NSR or NJSA representatives.
3. All breed champions, reserve champions and/or any randomly selected gilts may be blood tested for presence of the stress gene, parentage verification, and breed purity as DNA technology becomes available.
4. The overall champion and reserve champion barrow and/or any randomly selected barrows may be blood tested for presence of the stress gene, parentage verification, and breed purity as DNA technology becomes available.
5. Champion and reserve champion overall premiums as well as breed champion and reserve champion premiums will not be awarded until the DNA results are verified at the NSR office.
6. Any gilts that fail these DNA tests for the stress gene, parentage verification or breed purity will be asked to forfeit all gilt show premiums and awards. Showmanship standings, however, will not be affected by failed test results.
7. Failed test results will not be publicized except in the normal listing of cancelled pedigrees that is published in the NSR newsletter, *For the Record*, and in the NJSA newsletter, *The Pinnacle*.
8. Gilts must meet all registration eligibility requirements of their respective breed associations. NSR field staff or qualified NSR representative will inspect all gilts for breed eligibility.
9. Any gilts that do not meet eligibility requirements may not be used for showmanship. All efforts will be made to help these youth find replacements to use in showmanship.

Berkshire Entries:

All Berkshire breeding gilts and barrows must be guaranteed to be stress free. Berkshire gilts and barrows must have negative stress status denoted on the pedigree. All open gilts are expected to be open. Any gilt shown in the junior show could be pregnancy checked. Any gilt found to be bred at the show would forfeit all premium money and would be subject to being banned from all Team Purebred events for the next two years.

Chester White, Poland China & Spotted Entries:

All Chester White, Poland China and Spotted entries must meet breed registration requirements and stress requirements as determined by their breed's board of directors. All open gilts are expected to be open. Any gilt shown in the junior show could be pregnancy checked. Any gilt found to be bred at the show would forfeit all premium money and would be subject to being banned from all Team Purebred events for the next two years.

Showmanship Contest:

1. All contestants must be members of the NJSA or Team Purebred.
2. Divisions will be randomly broken into classes according to entries, with no more than 20 exhibitors per class.
3. Gilts or barrows used for the showmanship contest are required to come from a junior exhibitor or open show entry. It is the responsibility of the participants to make arrangements with another junior member or open show exhibitor to use their gilt or barrow.
4. The divisions will be as of Jan. 1: Senior (17-21); Intermediate (13-16); Junior (9-12); and Novice (8 & under).
5. Any gilts or barrows that do not meet breed eligibility requirements may not be used for showmanship. All efforts will be made to help these youth find replacements to use in showmanship.

Swine Judging Contest:

1. All contestants must be members of the NJSA or Team Purebred.
2. Teams must be made up of three to four contestants from the SAME age division. The top three scores will count toward the team score.
3. Parents are NOT allowed near the judging rings. Assistants will be available to novice or first-time judges who may not understand how to mark their cards.
4. Novice exhibitors will judge two classes and answer questions in one class. The novice will have their own separate contest. A teaching class will precede the contest and officials will be given immediately after their cards are turned in.
5. Junior exhibitors will judge six classes (four breeding and two market) and answer two sets of questions.
6. Intermediate exhibitors will judge six classes (four breeding and two market) and give one set of oral reasons and answer two sets of questions.
7. Senior exhibitors will judge six classes (four breeding and two market) and give three sets of oral reasons.
8. All vulvas and underlines will be considered sound. Please note any differences and be prepared to talk them in oral reasons or answer questions about them.
9. Soundness is to be judged as is unless otherwise specified on contest day.
10. No talking at any time throughout the contest, except between the contestants and group leaders. If you are caught talking one time, you will be warned. The second time you are caught talking, your card will be taken away. The third time you are caught talking, you will be asked to leave the contest. This rule is crucial for this contest to be fair for all contestants.

Team Purebred Sweepstakes Contest:

1. All contestants must be members of Team Purebred.
2. Sweepstakes contestants must declare their intent to compete in the sweepstakes contest at registration in order to receive points.
3. Sweepstakes contestants must compete in all four contests. The exhibitor must show a purebred Berkshire, Chester White, Poland China or Spotted gilt or barrow, compete in the showmanship contest, judging contest and poster contest.
4. Points will be distributed from the hog show, showmanship contest, judging contest and poster contest. Ties will be broken as follows: judging contest, showmanship, poster contest.
5. Sweepstakes points will be awarded as follows:
Participation in Gilt or Barrow Show: 100 points
Poster Contest: 1st: 100, 2nd: 90, 3rd: 80, 4th: 70, 5th: 60, 6th-participation: 50
Showmanship: 1st: 100, 2nd: 95, 3rd: 90, 4th: 85, 5th: 80, 6th: 75, 7th: 70, 8th: 65, 9th: 60, 10th: 55, 11th-participation: 50
Judging Contest: 1st: 100, 2nd: 95, 3rd: 90, 4th: 85, 5th: 80, 6th: 75, 7th: 70, 8th: 65, 9th: 60, 10th: 55, 11th-participation: 50

Team Purebred Poster Contest Rules:

1. All contestants must be members of Team Purebred.
2. Must compete in poster contest in order to be eligible for Sweepstakes Contest and awards.
3. Theme will be "Why Team Purebred." This is open to your interpretation of why you joined Team Purebred and what the group means to you!
4. Posters shall be no bigger than 4' x 4' and can be any color, shape or texture you wish. May include graphic designs.
5. The first place poster from each age division will be displayed, with the winner's name, at all Team Purebred events for the remainder of the year!

NJSA Sweepstakes Contest:

1. All contestants must be members of the NJSA.
2. Sweepstakes contestants must declare their intent to compete in the sweepstakes contest at registration in order to receive points.
3. Sweepstakes contestants must compete in all three contests. The exhibitor must show a purebred Duroc, Hampshire, Landrace or Yorkshire gilt and compete in the judging contest and showmanship contest.
4. Sweepstakes contestants may receive 5 bonus points for showing a barrow in addition to competing in the three main contests (gilt show, showmanship, judging contest). Points are not awarded similarly for the barrow show — exhibitor only receives an optional 5 points for participating in the barrow show. If a barrow weighs out of class, the exhibitor will not receive bonus points toward the sweepstakes contest (unless they exhibit other barrows who do not weigh out).
5. Sweepstakes points will be awarded as follows:
Gilt Show: 1st: 100, 2nd: 90, 3rd: 80, 4th: 70, 5th: 60, 6th-participation: 50
Showmanship: 1st: 100, 2nd: 95, 3rd: 90, 4th: 85, 5th: 80, 6th: 75, 7th: 70, 8th: 65, 9th: 60, 10th: 55, 11th-participation: 50
Judging Contest: 1st: 100, 2nd: 95, 3rd: 90, 4th: 85, 5th: 80, 6th: 75, 7th: 70, 8th: 65, 9th: 60, 10th: 55, 11th-participation: 50

Masters Polands bred the 2007 San Antonio Champion Poland Barrow sired by No Doubt

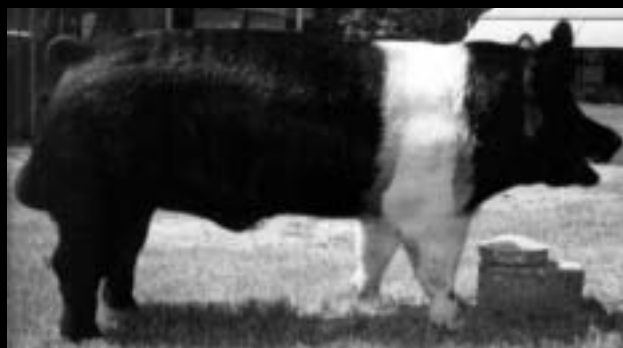

Masters Polands will double the premium money won by Masters Poland China exhibitors at the 2007 World Pork Expo Junior Nationals and 2007 Summer Type Conference Junior Show. Simply put, if you have faith in our Poland China program, we will show our support to you by doubling the premium money you win at either of these two national shows in 2007. Your success is of vital importance to us.

Not Just Herd Boars - They're Herd Sires!

No Doubt (Expansion x Chick Magnet)

No Doubt is one of the **great** Poland boars that we have ever had the opportunity to work with. If you want Polands to compete, look to No Doubt.

Elephant (Horsepower x Blockbuster)

This Hampshire herd sire's offspring look very exciting. Heavy structured, massive boned, sound and muscular. Semen is available, call for details. Other Hampshire litters available sired by Commander, Easy Rider, Midnight Oil, and Snake eyes.

Master Plan (Power Train x Captain)

Master Plan will prove to be a prepotent herdsire! We have several litters by him, and they are extreme in their bonework and heaviness of structure. They appear to be super sound in their movement and carry a correct amount of muscle. Check out our Yorkshire prospects, they are exciting! Other Yorkshire litters sired by Reno.

Perfect Timing (No Doubt x Masterpiece)

He is possibly the best one we've ever used! He combines as much width, muscle, bone, forearm, flexibility and frame size as one will ever desire. He is what his name implies, **Perfect Timing** for the Poland breed. Semen is available. He is **POWERFUL!**

High Definition (No Doubt x Masterpiece)

Naturally, the most muscular and fault free boar that we have ever used. He has a huge top and rump, still with a flexible hip and hind leg. His impeccable underline, length of front, height of shoulder and foot size gets us excited. Semen available.

We have a good selection of December, January, February, March and April litters available at private treaty or at any of the sales listed here. All private treaty sales are guaranteed. Call Today!

Visitors Always Welcome

Meet Shari Sell - Team Purebred Jr. Coordinator

Team Purebred is excited to introduce Shari Sell and announce that she has been hired to the position of Junior Coordinator for Team Purebred.

Shari is the daughter of Steve Sell and Shannon McCaslin, both of Glenwood, Iowa. Shari grew up working on the farm with her dad who owns Midwest Genetics, a 90-head sowherd that raises and sells breeding stock and show pigs in Southwest Iowa. Shari has shown pigs since she was three years old and has two younger sisters, Samantha and Sara, who also are very active in the swine industry.

Ms. Sell graduated from Iowa State University in December of 2006 with a Bachelor's Degree in Agricultural Communications. While at Iowa State, Shari was employed at the Iowa State University Swine Teaching Farm, National Pork Board, Pork Centers of Excellence, and Pig Champ. She was also a member of the 2006 ISU Livestock Judging Team.

Shari hopes to boost Team Purebred's membership by getting current members more involved in recruitment. She also wants to encourage sponsors to take a more active role in awards presentations and at shows. Shari would like to see older members encourage the younger members, teaching them about showmanship, skill-athons and judging contests, so they can continue pushing their knowledge limits.

Shari is very excited about meeting everyone involved in such a great organization like Team Purebred, and hopes to make this show season the best yet.

Shari can be reached by calling 712-520-2808, or email at teampurebred@nationalswine.com.

Welcome aboard, Shari, and we are confident that you will lead Team Purebred to new heights.

The Team Purebred Times:

I believe everything happens in its own time and place, and the time for Team Purebred is now. This is an exciting time where we are on the move in a positive way, with membership increasing. We are the most looked at organization within the swine industry due to the fact that we have come so far in such a short period of time. And now we have hired Shari Sell as our new Junior Coordinator. She comes to us with the drive, enthusiasm and leadership we need to take our youth into the future. Coming to us from Iowa State University with a background in the swine industry, having interned with the National Pork Board, we are fortunate to have Shari as the newest member of the Team Purebred family.

Is Team Purebred just a way to sell more show pigs? How many of you sell show pigs to your local 4-H or FFA members that you know within 30 miles of home? As both a breeder and advisory board member, I believe a vital part of promoting the ABA and CPS breeds involves mentoring the youth who purchase our hogs. Most of us attend numerous national shows throughout the year. Some youth never have the opportunity to show hogs beyond their local county and state fairs. I'm sure we all have enough room on our trailers for one more hog. Call that young person down the road and invite them along. You might inspire a future hog breeder or Ag teacher; at the very least you will show them that you care about more than just selling pigs. Everyone I talk to about Team Purebred asks, "What can I do to help?" This could be your first step in helping to promote Team Purebred and do more than just sell pigs.

Once again, I would like to extend Ms. Shari Sell a warm welcome to Team Purebred. I look forward to seeing all of you this summer at World Pork Expo and Summer Junior National and encourage you to introduce yourselves to Shari.

Introducing CPS Promotions Director Ron Crane - Lincoln, Illinois

First of all, let me introduce myself. My name is Ron Crane from Lincoln, Illinois. I was raised on a central Illinois grain and livestock farm, raising purebred Hampshires since I was 12 years old. I attended the University of Illinois and started my career managing a 3 sales per year Boar Testing Station for Farmland Industries in Eagle Grove, Iowa. I returned home to the farm four years later and continued to raise purebred hogs, exhibiting at numerous county, state and national shows as well as judging a number of 4-H and county fairs.

My wife Sandra and I have two children, a son Doug and a daughter Jennifer. We are blessed with six grandchildren.

In the early 90's, I took a position with Interstate Producers Livestock as Director of the feeder pig and sow contract units, and continued with this position until the hog market crash in the late 90's. My children and now my grandchildren have all shown purebred breeding stock and barrows, most recently Chester Whites and Polands.

I am presently working with the Illinois Crop Improvement Association as a pure seed field inspector and am delighted to start working with the CPS swine breeds to promote and to continue to advance these breeds.

I believe the youth organization is extremely important to keep our breeds viable and growing. I am looking forward to working with and meeting these young enthusiasts as well as getting acquainted with you breeders.

Please feel free at any time to give me a call, whether a Junior member with one or two head, or a larger breeder. I will do my best to be of utmost service and am looking forward with great anticipation to the horizons I hope all of us can continue to expand upon. Please feel free to call me at 309-370-5480. I am delighted to be your CPS Promotions Director.

Remember How You Got Here!

The past several months have been especially difficult to many of us with unseasonably cold chilling temperatures, unbelievable ice storms and blizzards, and disastrous farrowing house fires. But worse than these are some deaths to our swine families. It is never easy to deal with any of these circumstances, but we must venture forward.

My hectic schedule travelling to meetings and events in January and February has given me a lot of time to think about the future, but I always thought, "How did we get to this point?" The generation or generations before us have laid the groundwork for us to move forward. They've given us the opportunity to work with genetics that they have carefully assembled. They've allowed breed registries to be solvent, business oriented, and honest in their dealings regardless of the size or location of their operation.

It is important that we ask these people that are breed stalwarts some very important questions while we still have a chance. Questions such as - what are the major strengths and weaknesses of our breed? When hogs got too tall and too narrow, why did we go so far, and how do we know when we have gone too far? How did you know when you raised or bought Mr. Great Boar, that he would be the next Super Sire? When Breed Associations would dictate policy to breeders that you thought was wrong, what approach did you take to make Board members or staff aware that these were harming policies?

The road may that we have been given by past seed-stock producers was pretty well marked. Straying from the main route may not be the route you want to choose. We will be farther ahead if we tap the minds of our forefathers, past leaders and educators before it is too late.

Being a cocky 22 year-old out of college, it didn't take me long to figure out that there are two sides to every pancake. No matter how thin you make that pancake, there is still another side. We don't have all the answers all of the time, and if we do have the

answers, everyone of them may not be right. I'll always remember being challenged and questioned by the Bob Beattys, Harley Allens, Jack Rodibaugh, Bob Symonds, Tom Conovers, Jim Cooleys, Frank Halls, Gerald Wilsons, Ken Baumgartners, Paul Parrishs, Frank Albertsons, Bob Helumbrechts, Al Christians and numerous others in the 70's, 80's and 90's. They challenged my knowledge, my love of the industry, my breeding hog theory, and most importantly, they challenged me to be mentally strong, think for myself, listen to others, and made me believe that no matter how thin the pancake, there is still always two sides.

It's time we get to know how this industry got so strong. We must tap the minds of our predecessors, before it is too late. Breeding better hogs is not an easy task, and if we want to secure a better future, we must know how we got here. Your purple ribbon you won last year does not make you a breed contributor yet. It takes generations upon generations of consistency, reliability and credibility to become a trusted and noted hog breeder. Please allow our past success stories to be a stepping stone to your future endeavors.

In an effort to leave a better industry for our children or children's children, we must build a product based on integrity, honesty, courage and commitment. Building it solidly one litter at a time, one herd boar at a time may seem like a slow process, but it's the way that has proven to be the most reliable.

Have big ideas, reach out to others for ideas and/or help, and together we will make breeding hogs a business that lasts, not just a hobby that occupies time. I'll always remember those conversations with the men mentioned earlier, and you can be guaranteed that each of them and many more have left me with impressions that have shaped my past 30 years in the purebred industry.

Remember how you got here, and you'll make an impact in the future!

AUCTIONEER: Col. Jon Fisher **SIFT JUDGE:** Jim McCoy**SALE PHONE:** Only available phone is Jack Wall Cell Phone **309-945-3312**

Rules & Regulations

1. No limit on number of entries.
2. Recommend that pigs be farrowed January 1, 2007 and after.
3. Each breed and sex will have their own class if numbers warrant.
4. Purebreds **must** have certificate of registry on them at show to participate in that breed's class.
5. An over-all champion and reserve male and female will be selected as will breed champions.
6. Hogs will be judged and sifted. All hogs selected for the sale **must** be run through the sale ring. Failure to comply with this rule will allow the CPS Sales Committee the authority to ban this exhibitor from consigning to this sale for the next two (2) years. In addition, the average sale price for that breed or cross and sex will be assessed sales commission on that animal or animals to owner of animal.
7. Entry Fee and pen rent must accompany entry form.
8. Bedding will be furnished.

HEALTH REGULATIONS - REQUIREMENTS

Interstate health certificate or certificate of veterinary inspection from state of origin, issued by a licensed accredited veterinarian. Certificate must show: name and address of consignor, consigned to CPS Extravaganza, Greencastle, IN; individual identification of animal, and health status of animal including dates of required tests and vaccinations. Certificate must be issued within 30 days of date entering Indiana. All animals must **HAVE INDIVIDUAL HEALTH CERTIFICATES**. Animals originating from the herds outside the state of Indiana **MUST** use this permit number - A04-2407.

Certificates Must Show:

1. Pigs must come from either a qualified negative PRV herd or tested negative for pseudorabies within the last 30 days. Herd Validation number must appear on health certificate and date of last quarterly test (within 90 days). Pigs must also originate from brucellosis free herd or tested negative for brucellosis within 30 days. In addition, the following statement must appear on health certificate: **Hogs have not been fed raw garbage.**
2. Remember, all pigs must have two copies of individual health papers.
3. **All crossbred hogs must be identified on Health paper by tag number, not ear notch, as all crossbreds must be tagged, with tags gotten from state veterinarians. This is a Federal law.**

Special Note

This is a great location and facility for the CPS Extravaganza. We think you will like the facility located 5 miles north of I-70 and 29 miles south of I-74. Many good motels are available in this area. This sale allows many of you to consign to or purchase at several other sales in the vicinity a day prior to and after the CPS Extravaganza.

William Andrew "Bill" Cothran

June 9, 1936 — February 4, 2007

A Friend - An Educator - A Loved One - A Gentleman's Gentleman

The Chester White Swine fraternity lost a very special friend when William "Bill" Cothran passed away on Sunday, February 4, 2007. Mr. Cothran courageously battled lymphoma for 14 years and always kept a positive attitude and powerful spirit going through those troubling times.

Bill was a "Gentleman's Gentleman" in all walks of his profession as a husband, father, educator, coach, swine producer and Board member. Never one that said, "How will that benefit me, but always, is this the best method to satisfactorily accommodate the most people and do what is the right thing?" Bill was also a gentleman farmer and had a sincere love for nature and animals. He was a National Director for the Chester White Swine Record Association. His goal was to protect the breed and to continue a purebred heritage. Bill produced and showed breeding stock throughout the United States and won many awards.

Bill is survived by his wife of 45 years Jo Alice, his children Dr. Michael Love Cothran and his wife Carolyn of Dallas, Texas, and William Mitchell Cothran and wife Lisa of Jackson, Tennessee. He is also survived by brothers Don, Jim, Ray and Robert of Murray; Sherman of Louisville, and sister Mary Lee Claire of Mayfield, Kentucky.

Bill was one of 10 children and was preceded in death by two brothers. Bill was a member of the U.S. National Guard and served as a specialist in the U.S. Army. He received a bachelor of science degree and teaching certificate from Murray State University. He received his masters degree plus 30 in educational administration also from Murray State University. Bill was an educator for 31 years. He began his career in Lyon County before moving to Marshall County. He enjoyed many aspects of education from teaching to coaching to high school principal to secondary supervisor.

Mr. Cothran will always be remembered by his Chester White friends and the CPS fraternity for his professionalism, integrity, love of the industry, and for always challenging us to do the right thing protecting the purity and integrity of the breed, and to leave the Chester White breed in better shape for the next generation. It will not be the many outstanding Chester White hogs that he purchased and produced that we'll remember, but it will be his "gentleman" approach to people and business that will guide us.

Mr. Cothran will indeed be missed by his Chester White friends, but we'll remember everything he did the right way. Thanks, Bill, for your support, wisdom and dedication to the Chester White breed. We now know that there is a strong Chester White supporter and a great "gentleman" in heaven.

Our deepest sympathy to Joey and the entire Cothran family for your loss and thanks for sharing him with us for 70 years.

"May He Rest In Peace" and there is no doubt he "Did It His Way!"

Richard Norman (Dick) Frye

Dick Frye, 63, of Independence, Iowa, died on January 4, 2007 at Naples County Health Care in Naples, Florida, following a sudden illness. Mr. Frye was born December 11, 1943 in Independence, Iowa, the son of Wilbert "Bill" and Oweetis Porter Frye. He graduated from Independence High School in 1963 and attended Iowa State University.

On March 22, 1969, he and Lucretia Kay Hanson were married in Independence, Iowa. Mr. Frye farmed all of his life, was a 40 year Board Member of the Buchanan County Fair Board, being President of that organization for 30 years. He was a Race Director of the Independence Motor Speedway, a founding member of the Midwest Show Calf Producers and a past elder in the First Presbyterian Church in Independence. Mr. Frye was also a progressive and successful Chester White hog breeder for nearly 20 years.

He is survived by his wife Tish, 3 sons, Rick and Scott of Independence, and Jeff of Lamont, Iowa. There are two grandchildren, and he is also survived by his mother and one brother, Robert, of Lincoln, Nebraska.

Funeral services were Friday, January 12, 2007, at the First Baptist Church in Independence and burial was at Wilson Cemetery in Independence.

The Chester White Swine Record Association extends its sympathy to the entire Frye family.

Providing Winners at Customer Satisfied Prices

2006 WPX Champion Spotted Gilt

This NBC x Hip Hop daughter bred here is a great example of quality seedstock available from our program. Selected by Jerry Reid and his granddaughter Keegan Brewer, she farrowed a great spring 2007 litter for this firm. This \$500 investment will generate future success for these great folks.

2006 WPX Champion Berkshire Gilt

This Jailbreak x Jailhouse Rock daughter selected at Des Moines by Buddy Rozell, OK., demonstrates what a detailed breeding program can produce. For quality Berkshires and Spots at competitive prices, give us a call.

STALLION

Only For Those Who Are Demanding

"The need for strong basics in hog production is back and is here to stay. Today's popular and ideal hog is bigger bodied, easier keeping and capable of more rapid growth than those of five years ago. Today's model should be healthier with more width, chest floor, lung capacity and slightly more insulated than those of the past. Today's ideal perhaps doesn't contain as much loin-eye size or ham muscle as before, but should have less restrictions on mobility, a more desirable eating quality and a more enjoyable eating experience by the consumer."
